

CONFINED

EMMA CAULFIELD &
DAVID JAMES ELLIOTT

Architect Victoria Peyton looks out from the window of her new home office towards her neighbor's house, and is shocked to see the word 'Help' written on the basement window. Rushing over to investigate, she meets Fritz Allen, a lovable grandpa type, who seems to be hiding something under his crocodile smile. When she looks again, the word 'Help' is no longer there. Did she imagine it?
