

MAKING MR. RIGHT

DEAN CAIN & CHRISTINA COX

In the vein of 'My Fair Lady' -- Hallie Galloway, a high powered magazine editor, is in for the ride of her life after betting her co-workers that she could transform a street con into a high society partner for the upcoming 'Most Eligible Bachelor' issue. But when Eddie, the street-con she transforms, starts to clean up his 'rough around the edges' act, Hallie begins to have feelings for him. Could a street con find true love with a magazine editor running a con of her own?
