

# HUSBAND, WIFE & THEIR LOVER

## Johnson Production Group Press Kit

---

### One-Liner

A marital tryst turns ugly when the new lover becomes a life threatening nightmare for the couple.

### Synopsis

Beautiful executive Veronica Ballard-Glen works for her father's family values-based marketing company and is chafing against the constraints of being stuck in the dark ages for their advertising. Additionally, she is being pressured by her father and his right-hand executive Donna Joyce to have a baby with her husband – slightly younger than her, highschool sweetheart, Jordan – in order to fulfill all familial expectations.

With Jordan's 30th birthday on the horizon, Veronica is unconsciously looking for a way out of her expected existence. So when her husband casually floats the idea of a "menage-a-trois" as his gift, it gives her much to think about...

Initially unsure, the idea begins to grow on Veronica until she decides to finally do one outside-the-box thing in her sadly boxed-in world. But she also wants to control the situation, be in charge of who they invite in - so she tentatively approaches her female trainer of three years, Lexi Wolf. Lexi is a free spirit who has the advantage of having already seen her naked in the women's locker room numerous times. And she agrees to think about it – an exciting possibility, which Veronica shares with her best friend, Gillian.

The initial tryst goes well but like a switch suddenly turned on, Lexi's whole demeanor changes after that evening's fun, and she starts to become a nightmare for Veronica, painfully disrupting her once calm world. It seems that Lexi has another agenda, one that could kill her white-washed image and career.

When the problems escalate to outright extortion and the kidnapping of both her father and her beloved dog Kodi, Veronica decides to finally take matters into her own hands - find out who Lexi really is and why she suddenly wants to turn Veronica's life into a living hell...
