

# WHERE YOUR HEART BELONGS

JEN LILLEY, CHRISTOPHER RUSSELL  
& JILL MORRISON

A New York publicist returns home to plan her best friend's wedding, where the bride's tall and handsome cousin Dylan is assigned as her wedding co-planner. With her career spinning down the toilet because she isn't producing any pizazzy online "content", Mackenzie (aka: Mac) decides to use her friend's wedding as an opportunity to make waves on her IG account. But in the end, the fake world of social media proves to be more damaging than good, and Mac learns that her relationships in the real world are what should matter most.
